

Logic Model Developed for Common Health Assets

The CHA project team developed a logic model as a starting point. Our logic model is based on the findings of the [CommonHealth](#) research programme together with findings published since then, theory, and practitioner-based models of community led health.

KEY TO MODEL WITH ADDITIONS TO COMMONHEALTH CONCEPT MODEL, FOLLOWING SYNTHESIS UNDERLINED:

CALO ET AL (2018); [~]KELLY ET AL (2019); [°]MACAULEY ET AL (2017); [°]ROY ET AL (2017); [^]HEALTH ASSETS MODEL (MORGAN ET AL 2007, 2010)
